**Re: Letter of Permission (LOP), for Temporary Activities Associated with Georgia-Florida Weekend, Beach Cleanup, East Beach, St. Simons Island, Glynn County, Georgia**

Dear Mr. Austin:

This Letter of Permission (LOP) is in response to your request, received August 25, 2017, to perform a temporary clean-up effort on East Beach over the days of October 26 – 29, 2017. According to the request, additional clean-up vehicles will be needed to supplement the routine trash collection due to the influx of beach-goers. Vehicles required will include front-end loaders, a motor grader, and additional pickup trucks and all-terrain vehicles accessing the area via existing DNR approved vehicular access points. Equipment will be staged off the beach at Massengale Park until needed. No equipment will be staged on the beach. Clean-up activities will occur between the Coast Guard Station and the King and Prince Hotel. The project will begin on October 26<sup>th</sup>, 2017 and be completed no later than October 30<sup>st</sup>, 2017.

The Department authorizes the cleanup efforts on East Beach as depicted in the attached description and drawing, provided all Best Management Practices (BMPs) should be used. **No unauthorized equipment, materials, or debris may be placed, disposed of, or stored in jurisdictional areas.** Any incidental damage to dunes or dune vegetation will require restoration to be coordinated through this office. This LOP is valid for the above referenced project. Any change in the use, location, dimensions, or configuration of the approved project, without prior notification and approval from this office could result on the revocation of this permission and in the required removal of the related structures.

This LOP does not relieve you from obtaining any other required federal, state, or local permits. If you have any further questions or concerns in regards to this or any other projects, please feel free to contact Jordan Dodson at (912) 264-7218.

Sincerely,

Jill Andrews  
Chief, Coastal Management Section

**Attachments:** LOP GA-FL 2016.pdf

Karl and Jordan,

In a continuing effort to maintain clean, healthy beaches, Glynn County is planning for the annual influx of beach goers October 26,27,28 and 29, 2017 for the Georgia/Florida weekend. The Public Works Department appreciates the assistance of DNR in working towards this goal. As Glynn County has done in the past, vehicles and equipment will be used on the beach to clear debris left by the beach goers, approximately ten tons, and for rescue purposes should there be a need. Pickup trucks and four wheeled all-terrain vehicles used routinely in day-to-day operations will be supplemented by more of both type vehicles. Rubber tired heavy equipment such as frontend loaders and possibly a motor grader will be used to quickly remove litter from the beach once the crowd has dispersed. This larger heavy equipment will be staged off the beach in Massengale Park until needed. Glynn County anticipates using the equipment in the area from the Coast Guard Station park to the King and Prince Hotel.

See the sketch for the approximate location.

I have attached last year's LOP. The Public Works Department looks to hearing from you regarding this work. Thank you again for your assistance.

Dave Austin  
Director  
Public Works & Park Services
