Beach Advisory Lifted for Driftwood Beach on Jekyll Island

GLYNN COUNTY, GA – The Glynn County Health Department has lifted the advisory for Driftwood Beach on Jekyll Island.

The advisory was issued on June 8, 2016 after routine water quality tests showed a high level of enterococci bacteria which increase the risk of gastrointestinal illness in swimmers.

Subsequent samples show that bacteria levels are now within acceptable limits; therefore the advisory has been lifted.

For more information about beach water advisories, go to www.gachd.org and click on the Environmental Health tab at the top of the page.
