Beach Advisory Lifted for the South Dunes Picnic Area on Jekyll Island

GLYNN COUNTY, GA – The Glynn County Health Department has lifted the advisory for the South Dunes Picnic Area on Jekyll Island, which is from Corsair Beach Park to the South Water Tower.

The advisory was issued on July 16th after routine water quality tests showed a high level of enterococci bacteria which increase the risk of gastrointestinal illness in swimmers.

Subsequent water samples taken showed that the bacteria levels had dropped below Environmental Protection Agency’s recommended limits. Therefore, the advisory has been lifted.

For more information about beach water advisories, go to www.gachd.org and click on the Environmental Health tab at the top of the page.
