Beach Advisory Lifted for Fifth Street Crossover Beach on St. Simons

GLYNN COUNTY, GA – The Glynn County Health Department has lifted the beach water advisory for Fifth Street Crossover Beach, which is from Cedar Street to Ninth Street, on St. Simons Island.

The advisory was issued on June 14, 2022 after routine water quality tests showed a high level of enterococci bacteria which increase the risk of gastrointestinal illness in swimmers.

Subsequent water samples taken showed that the bacteria levels had dropped below Environmental Protection Agency’s recommended limits. Therefore, the advisory has been lifted.

For more information about beach water advisories, go to www.coastalhealthdistrict.org and click on the Environmental Health tab at the top of the page.
