Re: Letter of Permission (LOP), Temporary Activities within the State's Shore Protection Act Jurisdiction, Anchor Park, Tybee Island, Chatham County, Georgia

Dear Mr. Robertson:

This letter is in response to your request to maintain the pervious walking paths associated with the public seating area and beach access at Anchor Park on Butler Avenue. The temporary project will begin no sooner than 15 days after the date of this letter and be completed no later than six months from the date of this letter.

As proposed, the temporary project includes the operation of equipment in the State's SPA Jurisdiction. The City plans to maintain the pervious walking paths associated with public beach access from Anchor Park. The existing sidewalk that parallels Butler Avenue affords the general public with an opportunity to access the beach at this location. The City will also maintain the existing seating areas within Anchor Park.

The Department authorizes the temporary activities associated with the events as depicted in the attached project description and location map. Best Management Practices (BMPs) should be used to prevent any additional impacts at the site and to protect the shore jurisdictional areas.

This LOP is not meant to exempt the above referenced activities from future environmental laws. **No unauthorized equipment, materials or debris may be placed, disposed of, or stored in jurisdictional areas.** Any incidental impacts associated with this project must be rectified by fully restoring areas to their pre-construction topographic and vegetative states. This LOP is valid for the above referenced projects.

If you have any further questions or concerns in regard to this or any other projects, please feel free to contact Deb Barreiro at (912) 266.3695.

Sincerely,

Jill Andrews
Chief, Coastal Management Section
