Re: Letter of Permission (LOP), Temporary Activities, Placement of a Fireworks Display, Ocean Forest Golf Club, Sea Island, Atlantic Ocean, Glynn County, Georgia, (GPS 31.20425°N/-81.32255°W)

Dear Ms. Strickland:

This Letter of Permission (LOP) is in response to your request, received May 25, 2021, to set up equipment for a Fireworks Show held by the Sea Island Acquisition, LLC, within Shore Protection Act (SPA) jurisdiction at the Ocean Forest Golf Club.

To accomplish the set-up, an 8ft. x 16ft. fireworks launch trailer will be hauled onto the beach by a 4-wheel drive Jeep. The flatbed trailer will serve as the firework launch site and will be staged in an unvegetated. Set up of the fireworks launch trailer will take place on July 4, 2021, with removal immediately after the fireworks display. In the event of rain or other unforeseen events, set up and removal will occur between July 1-11, 2021. The approved DNR vehicle access route on 36th Street will be used for the transport of the above described equipment. No dunes or dune vegetation will be disturbed during the transport or set up of any of the structures.

As these activities will occur between May 1st and October 31st, sea turtle nesting season, all sea turtle nests must be avoided, and no activity may occur within 20ft. of a nest area. No unauthorized equipment may be stored on the beach overnight. Any lighting used on the beach locations pre-dawn and/or post-sunset is required to have red light filters that emit wavelengths greater than 560 nanometers to avoid any interference with turtle hatchlings.

The Department authorizes the placement of the fireworks set up equipment as depicted in the attached description and site map and has no objection to the action. **No unauthorized equipment, materials or debris may be placed, disposed of, or stored in jurisdictional areas.** Any incidental damage to dunes or dune vegetation will require restoration to be coordinated through this office. This LOP is valid for the above referenced project. Any change in the use, location, dimensions, or configuration of the approved project, without prior notification and approval from this office could result in revocation of this permission and in the required removal of the related structures.
