Help Protect North Atlantic Right Whales

How you can help:

- Keep Watch:** Right whales are hard to see and often swim close to shore. If you see a right whale, slow to 10 knots.
- Slow Down:** Whales will back or change course to avoid boats in the Management Area.
- Move Aways:** Stay at least 500 yards away from right whales. It's the best way to ensure safety to those who are watching.
- Report:** Report right whale sightings, as well as dead, injured or distressed whales to **1-877-WHALE-HELP (1-877-947-9343)** or to the U.S. Coast Guard on VHF 16.
