JOINT APPLICATION

FOR

A DEPARTMENT OF THE ARMY, CORPS OF ENGINEERS PERMIT,
STATE OF GEORGIA MARSHLAND PROTECTION PERMIT,
REVOCABLE LICENSE AGREEMENT
AND REQUEST FOR
WATER QUALITY CERTIFICATION
AS APPLICABLE

INSTRUCTIONS FOR SUBMITTING APPLICATION:

Every Applicant is Responsible to Complete The Permit Application and Submit as Follows: One copy each of application, location map, drawings, copy of deed and any other supporting information to addresses 1, 2, and 3 below. If water quality certification is required, send only application, location map and drawing to address No. 4.

- 1. For Department of the Army Permit, mail to: Commander, Savannah District, US Army Corps of Engineers, ATTN: CESAS-RD, 100 W. Oglethorpe Avenue. Savannah, Georgia 31401-3640. Phone (912) 652-5347 and/or toll free, Nationwide 1-800-448-2402.
- 2. For State Permit State of Georgia (six coastal counties only) mail to: Habitat Management Program, Coastal Resources Division, Georgia Department of Natural Resources, 1 Conservation Way, Brunswick, Georgia 31523. Phone (912) 264-7218.
- 3. For Revocable License State of Georgia (six coastal counties plus Effingham, Long, Wayne, Brantley and Charlton counties only) Request must have State of Georgia's assent or a waiver authorizing the use of State owned lands. All applications for dock permits in the coastal counties or for docks located in tidally influenced waters in the counties listed above need to be submitted to Real Estate Unit. In addition to instructions above, you must send two signed form letters regarding revocable license agreement to: Ecological Services Coastal Resources Division, Georgia Department of Natural Resources, 1 Conservation Way, Brunswick, Georgia 31523. Phone (912) 264-7218.
- 4. For Water Quality Certification State of Georgia, mail to: Water Protection Branch, Environmental Protection Division, Georgia Department of Natural Resources, 4220 International Parkway, Suite 101, Atlanta, Georgia 30354 (404) 675-1631.

The application must be signed by the person authorized to undertake the proposed activity. The applicant must be the owner of the property or be the lessee or have the authority to perform the activity requested. Evidence of the above may be furnished by copy of the deed or other instrument as may be appropriate. The application may be signed by a duly authorized agent if accompanied by a statement from the applicant designating the agent. See item 6, page 2.

1. Application No		
2. Date		
3. For Official Use Only		
4. Name and address of applicant.		
5. Location where the proposed active	ty exists or will occur.	
LatLong		
County	Military District	In City or Town
Near City or Town	Subdivision	Lot No.

 TBD

13. Has any agency denied approval for the activity described herein or for any activity directly related to the activity described herein? Yes NO (If "yes", explain).
Note: Items 14 and 15 are to be completed if you want to bulkhead, dredge or fill.
14. Description of operation: (If feasible, this information should be shown on the drawing).
a. Purpose of excavation or fill
1. Access channel length depth width
2. Boat basin length depth width
3. Fill area length depth width
4. Other length depth width (Note: If channel, give reasons for need of dimensions listed above.)
b. If bulkhead, give dimensions
Type of bulkhead construction (material)
1. Backfill required: Yes No Cubic yards
2. Where obtained
c. Excavated material
1. Cubic yards
2. Type of material
15. Type of construction equipment to be used
a. Does the area to be excavated include any wetland? Yes No
b Does the disposal area contain any wetland? Yes No
c. Location of disposal area
d. Maintenance dredging, estimated amounts, frequency, and disposal sites to be utilized:
e. Will dredged material be entrapped or encased?
f. Will wetlands be crossed in transporting equipment to project site?
g. Present rate of shoreline erosion (if known)

16. Description of Avoidance, Minimization and Compensation: Provide a brief explanation describing how impacts to waters of the United States are being avoided and minimized on the project site. Also, provide a brief description of how impacts to waters of the United States will be compensated for, or a brief statement explaining why compensatory mitigation should not be required for those impacts.

- 17. Water Quality Certification: In some cases, Federal law requires that a Water Quality Certification from the State of Georgia be obtained prior to issuance of a Federal license or permit. Applicability of this requirement to any specific project is determined by the permitting Federal agency. The information requested below is generally sufficient for the Georgia Environmental Protection Division to issue such a certification if required. Any item, which is not applicable to a specific project, should be so marked. Additional information will be requested if needed.
 - a. Please submit the following:
- 1. A plan showing the location and size of any facility, existing or proposed, for handling any sanitary or industrial waste waters generally on your property.
 - 2. A plan of the existing or proposed project and your adjacent property for which permits are being requested.
- 3. A plan showing the location of all points where petro-chemical products (gasoline, oils, cleaners) used and stored. Any aboveground storage areas must be diked, and there should be no storm drain catch basins within the dike areas. All valving arrangements on any petro-chemical transfer lines should be shown.
- 4. A contingency plan delineating action to be taken by you in the event of spillage of petro-chemical products or other materials from your operation.
- 5. Plan and profile drawings showing limits of areas to be dredged, areas to be used for placement of spoil, locations of any dikes to be constructed showing locations of any weir(s), and typical cross sections of the dikes.
 - b. Please provide the following statements:
 - 1. A statement that all activities will be performed in a manner to minimize turbidity in the stream.
 - 2. A statement that there will be no oils or other pollutants released from the proposed activities which will reach the stream.
- 3. A statement that all work performed during construction will be done in a manner to prevent interference with any legitimate water uses.
- 18. Application is hereby made for a permit or permits to authorize the activities described herein; Water Quality Certification from the Georgia Environmental Protection Division is also requested if needed. I certify that I am familiar with the information contained in this application, and that to the best of my knowledge and belief such information is true, complete and accurate. I further certify that I posses the authority to under take the proposed activities.

19. U.S.C. Section 1001 provides that: Whoever, in any matter within the jurisdiction of any department or agency of the United States, knowingly and willfully falsifies, conceals, or covers up by any trick, scheme, or device a material fact or makes any false, fictitious, or fraudulent statements or representations, or makes or uses false writing or document knowing same to contain any false, fictitious or fraudulent statement or entry, shall be fined no more than \$10,000 or imprisoned not more than \$ years or both.

PRIVACY ACT NOTICE

The Department of the Army permit program is authorized by Section 10 of the Rivers and Harbors Act of 1899, Section 404 of the Clean Water Act and Section 103 of the Marine Protection, Research and Sanctuaries Act of 1972. These laws require permits authorizing structures and work in or affecting navigable waters of the United States, the discharge of dredged or fills material into waters of the United States, and the transportation of dredged material for the purpose of dumping it into ocean waters. Information provided will be used in evaluating the application for a permit. Information in the application is made a matter of public record through issuance of a public notice. Disclosure of the information requested is voluntary; however, the data requested are necessary in order to communicate with the applicant and to evaluate the permit application. If necessary information is not provided, the permit application cannot be processed nor can a permit be issued.

SUPPORTING REMARKS:

U.S. Army Corps of Engineers Regulatory Branch, Coastal Area Section 100 West Oglethorpe Avenue Savannah, Georgia 31401-3640

To Whom It May Concern:

This is to certify the work subject to the jurisdiction of the U.S. Army Corps of Engineers as described in my application dated 1/9/25, is to the best of my knowledge, consistent with the Georgia Management Plan.

Since my project is located in the Coastal Area of Georgia, I understand the U.S. Army Corps of Engineers must provide this statement to the Georgia Department of Natural Resources, Coastal Resources Division, Ecological Services Section (GADNR-CRD) for its review, and a Department of Army permit will not be issued until the GADNR-CRD concurs with my findings. I also understand additional information may be required by the GADNR-CRD to facilitate its review of my project and the additional information certifications may be required for other Federal or State authorizations.

ATTORNEY & COUNSELOR AT LAW

Hinesville, Ga.

May 24, 1940

Mr. E. A. Logan Div. Engineer State Highway Dept. Savannah, Ga.

In Re: Rural Post Road or Farm to Market Road Project No. PR 119

Dear Sir:-

Notice for condemantion have been prepared and served, and will be appraised on the 7th day of Fune 1940 on the following tracts of parts of right of way on the following land owners, to-wit:

E. E. Gibbons, beginning at station 76+44 to the land line of Adeline Monroe, continuing to station 79+37 the land line of Arthur Golden.

H. L. Houston, commencing at station 33+02, the land line of D. W. James, continuing to station 34+21 the land line of Oliver Stevens.

Hattie Houston, commencing at station 15+00 the land line of Julius Bacon continuing to station 17+00 the land line of Allathia Williams.

Heirs of Phillis Dryer, commencing at station 19+80 the land line of D. W. James, continuing to station 21+00 the land line of Charles Byrd, et al.

The hearing will be had on the premises on the 7th day of June, 1940 when the same will be completed.

Yours very truly,

(Signed) W. F. Mills W. F. Mills, County Atty. Liberty Co.

Re: PR 119 Liberty County

State Highway Board of Georgia Office of Division Engineer Savannah, Georgia

STATE HIGHWAY BOARD OF BA.

DIV. No. 6

Gentlemen: -

I enclose Deed dated May 17th, 1940 covering the right of way from this company to you of the curve located between Stations 251 / 25 and 264 / 43, which has been executed by the officers of this company and Mr. Gay Green. As soon as this deed is recorded by you, will you please advise me of the date, book and folio of the County Record on which it has been recorded.

I now find that I will need an additional copy of the print attached to this map, and I ask that you send me one at your earliest convenience.

Very truly yours,

UNION BAG & PAPER CORPORATION

SPD:ms encl.

Do you know that, in addition to the standard grades of grocery bags and sacks, Union's manufacturing facilities cover a complete range of "Specials"—from dainty transparent cellulose bags to rugged multi-wall sacks. "If it's a machine-made paper bag, call Union".

May 8, 1940

PR-119-Liberty County

Union Rag & Paper Corporation Sevenneh, Georgia

Attention: Mr. S. P. Mriscoll

Gentlemen:

Attached herete are three copies of Past Road right-of-way deed and three shutches showing an additional newenge of land that Liberty County is requesting in order to construct a Post Road from Midway to Yellow Bluff.

These copies of deeds and sketches are in line with your telephone request of recent date.

Yours very truly.

STATE HIGHEST BOARD OF GEORGIA

Yours very truly

STATE HIGHMAY DEPARTMENT OF GEORGIA

By-

E.A. Logan Division Engineer Savannah Division No. 6 April 15, 1940

PR 119 Liberty Co.

Union Beg and Paper Corporation Sevenmen, Georgia

Attention : Mr. S.P. Driscoll

Dear Mr. Driscoll:

You will find attached two copies of form deeds to which are attached sketches showing an additional screage of land that Liberty County is requesting in order to construct a Post Bood from Midway to Yellow Bluff.

This request for new acreage has been necessitated by the fact that the Highway Department is requesting that all curves be three degrees or under. The original curve laid out was a six degree curve.

As soon as these two copies are executed and returned we will have them recorded in Liberty County and one copy returned to you for your files.

Very truly yours

RIGHR OF WAY

PR-119

Midway-Dorchester Road

Enclosed herewith is a shetch showing the change of alignment from a six degree curve to a three degree curve for the curve the PI of which is at station 251/40.8 and a deed to be signed by the Union Bag & Paper Corporation.

The ownership of the property as shown on the attached sketch was verified by the forester for the Union Lag & Paper Corp. and by Mr. W. J. Martin.

Mr Martin to-day signed a new deed for the right of way through his property. This deed has been given to the clerk of the superior court for XXXXXX recording and will be forwarded to you when this is done.

Please have some prints made of the enclosed sketch attach them to the deed for the U. B. & P. Corp. and send the deeds to the Union Bag And Paper Corp. for the proper signatures.

Very truly yours

TO Mr. E. A. Logan, Div. Engr.

SUBJECT Liberty County PR-119 Midway-Yellow Bluff Road

Mr. Ed. Daniel, Clerk Co. Comm., Just told me that they will have the right of way deeds clear for the section of this road extending from Midway to Dorchester Station (Sta. 0/00 to Sta. 92/00) by the middle of the coming week.

A clearing and grubbing crew of about 15men can be taken from PR-138 Limerick-Fleming Road and started on PR-119 without noticeably slowing down construction on PR-138.

There is enough work on this section to keep 70 WPA men busy for about five months.

If you wish this started please request Atlanta to send the data for the curves they wish used.

I can make up a sketch cowering the right of way for the WPA that will be satisfactory until the plans get here.

Very truly yours

9. H. Eve, Jr.

To Mr. E. A. Logan, Div. Engr.

SUBJECT PR-119 Liberty County Colonels Island Road

The center line forthis road has been run from Midway to Colonels Island.

The line has been approved and the deeds made from Midway (Sta. $0\neq000$) to the Intersection of the Colonels Island and the Subbury roads(Sta $440\neq-$).

On October 3rd I mailed to your office the transit notes (along with the balance of the books and plans) from Sta.440 to Sta. 744.

The cormissioners want to know if the line from 440 to 744 is to be considered final.

If it is the final line they want to get the deeds an and have them signed.

Very truly yours

UNION BAG & PAPER CORPORATION POST OFFICE BOX 570 SAVANNAH, GA.

November 14, 1938

Mr. R.M. Ryon, Clerk of Superior Court, Liberty County, Hinesville, Ga.

Dear Sir:-

This letter will be your authority to amend your recording of othe attached deed, dated May 31, 1938, from Union Bag & Paper Corporation to Liberty County, Georgia, by striking therefrom the following paragraph:

"Any pine trees so cut shall be cleaned and cut into five-foot lenths and cord wood sizea by the grantees herein, or their privies, at no expense to the Bag Company."

Yours very truly,

UNION BAG & PAPER CORPORATION

J.H. Allen Vice-President

SPD:ct

The above mentioned paragraph stricken from record as per Authority.

This 18th day of Nov. 1938.

R.M. Ryon Clerk GEORGIA) LIBERTY COUNTY)

THIS CUNVEYANCE made and executed the 31 day of M ay, 1938.

WITNESSETH:

THAT, UNION BAG & PAPER CORPORATION, of New Jersey, the undersigned, is the Owner, and GAY GREEN, of Asheville, North Carolina, is the Mortgage Holder of a tract of land in said county through which a Rural Post Road or Farm to arket Road, known as Project No. P.R. 119, has been laid out by the State Highway Board of Georgia as a part of the Rural Post Road System of Georgia, as provided in Acts of the General Assembly of Georgia of 1937, said road being more particularly described in a map and drawing in the office of the State Highway Board of Georgia, Atlanta, Ga. to which reference is made for more particular description.

which reference is made for more particular description.

NOW, THEREFORE, in consideration of the benefit of the property by the construction of maintenance of said road, and in consideration of ONE (\$1.00) DOLLAR to be paid by said County, the Owner and Mortgage Holder do hereby grant, bargain, sell and convey to Liberty County, Georgia, so much land as to make a right of way for said road, as surveyed and as shown on said map, Eighty (80) feet wide or as shown by description below, hereby selling and conveying enough of said land to make said right of way said width through the land, daid land being in the 1359th District of said County, and on the said Highway known as the Sunbury Public Road.

The land herein conveyed is further described as follows:

All that portion of land belonging to the undersigned, which lies within the right of way lines as shown of the plans of Rural Post Roads or Farm to Market Roads, Project No. P.R. 119, which plans are on file in the office of the State Highway Board of Georgia, Atlanta, Georgia. Said right of way beginning at Station 183 / 16 which is the boundaryline between the lands of Willie Quarterman and the undersigned parties, and continuing to Station 240 / 35 which is the boundary lines between the lands of the undersigned and Adeline E. Monroe.

The right of way covered by this deed is Forty (40) feet wide, bounded by the centerline of the highway location and a line parallel to and a distance of Forty (40) feet from the said center line on North Side.

The right of way begins and ends where the said Highway location enters and leaves the property and is bounded by said property lines as already established as above indicated and total approximately 5,719 lineal feet or 5.25 acres.

CONDITIONS AND RESERVATIONS

In case the right of way is abandoned as a highway location, same shall revert to the property from which it is taken.

The right to necessary drainage in the construction and maintenance of said road is hereby granted over the said right of way and on lands of the Wwner adjacent thereto. This right shall not be exercised so as to damage or interfere with the development of the property.

The undersigned Gay Green executes this agreement for the purpose os consenting to the terms thereof and conveying

any interest he may have in the right-of-way for the said road, as the holder of a Deed to Secure Debt on said property.

Any trees or timber cut on said right-of-way in said road construction shall remain the property of the Bag Company.

Any pine trees so cut shall be cleaned and cut into five foot lengths and cord wood sizes by the grantees herein, or their privies, at no expense to the Bag Company.

IN WITNESSETH WHEREOF, each of the grantors herein has signed, sealed and delivered these presents on the day and year first above written.

Appendix O: Georgia EPD Buffer Coordination & Water Quality Certification

ENVIRONMENTAL PROTECTION DIVISION

Jeffrey W. Cown, Director

2 Martin Luther King, Jr. Drive Suite 1456, East Tower Atlanta, Georgia 30334 404-656-4713

September 20, 2023

Colonel Ron Sturgeon Commander U.S. Army Corps of Engineers Savannah District 100 W. Oglethorpe Avenue Savannah, Georgia 31401-3604

Re: Water Quality Certification

Joint Public Notice SAS-2018-00158 Regional Permits 30, 31, 32, 33, 34 and 35

Public Transportation Projects

Statewide

Dear Colonel Sturgeon:

In accordance with Section 401 of the Federal Clean Water Act, 33 U.S.C. § 1341, the State of Georgia has evaluated Public Transportation Projects Regional Permits 30, 31, 32, 33, 34 and 35 submitted by U.S. Army Corps of Engineers, Savannah District. In accordance with that information, the State of Georgia issues this Section 401 water quality certification to the U.S. Army Corps of Engineers, Savannah District. This authorization extends for a period of five years from the date of issuance of the Regional Permits. This Section 401 water quality certification is subject to the following terms and conditions:

- To assure compliance with State water quality standards, the applicant shall conduct all activities in a manner that will assure water quality adequate or necessary to protect and maintain designated uses. 33 U.S.C. § 1313(a)-(d); O.C.G.A. § 12-5-23(c)(2),(6),(9),(15); Ga. Comp. R. and Regs. 391-3-6-.03(2)(i), (ii).
 - a. To prevent or avoid degradation of water quality downstream, the applicant shall implement Best Management Practices (BMPs) that have been approved for inwater use to the extent practical and feasible, to minimize total suspended solids (TSS) and sedimentation for any work conducted within a state water or within the delineated boundaries of wetlands. 33 U.S.C. § 1313(a)-(d); O.C.G.A. § 12-5-23(c)(2), (6), (9), (15); O.C.G.A. § 12-5-29(a); O.C.G.A. §§ 12-7-6 to 7; Ga. Comp. R. and Regs. 391-3-6-.03(5).

Page 2 Transportation Regional Permits SAS-2018-00158 Statewide

- b. In order to prevent or avoid violations of state water quality standards, the applicant must ensure that any fill placed in state waters must be clean fill that is free of solid waste, toxic, or hazardous contaminants. 33 U.S.C. §§ 1311; 1313(a)-(d); O.C.G.A. § 12-5-23(c)(2), (6), (9), (15); O.C.G.A. § 12-5-29(a); Ga. Comp. R. and Regs. 391-3-6-.03(5), (6), (11), (14)-(16).
- 2. To prevent sedimentation of state waters, the applicant shall ensure that it obtains coverage, as necessary, under the National Pollutant Discharge Elimination System (NPDES) General Permit for Storm Water Discharges Associated with Construction for discharges comprised of storm water associated with construction activity and any required land disturbing activity permits intended to prevent soil erosion, sedimentation, and deposition into waters of the9 state. 33 U.S.C. § 1342(p); O.C.G.A. § 12-5-30; O.C.G.A. §§ 12-7-6 to 7; Ga. Comp. R. and Regs. 391-3-6-.06; Ga. Comp. R. and Regs. 391-3-6-.16.
- 3. The applicant shall ensure that it abides by the requirements of any stream buffer variance applicable to the project, including provisions to ensure protection, restoration, or mitigation of or related to the stream buffer, which facilitates the protection of water quality. 33 U.S.C. §§ 1311; 1313(a)-(d); O.C.G.A. § 12-7-6; Ga. Comp. R. and Regs. 391-3-7-.05.
- 4. This certification is contingent upon satisfaction of the Savannah District's Special Conditions, including the Appendix E provisions requiring prior notification to Georgia EPD before the commencement of Regional Permit authorized projects.
- 5. Georgia EPD requires submission of a formal application for individual 401 water quality certification for use of Regional Permit 34 (New Construction) and Regional Permit 35 occurring within the eleven coastal counties that will involve projects in tidal waters.
- 6. Georgia EPD may require submission of a formal application for individual 401 water quality certification for any project if it is determined, based upon consideration of Georgia's water quality rules, that the project is likely to have a significant adverse effect upon water quality.
- 7. Modifications to the Regional Permits may require an amendment to these conditions. Accordingly, the applicant must notify the Georgia Environmental Protection Division of any modifications to the proposed activities authorized under the Regional Permits including, but not limited to, modifications to the construction or operation of any facility, or any new, updated, or modified applications for federal permits or licenses for the Project. 33 U.S.C. §§ 1311-1313; O.C.G.A. § 12-5-23(c)(2),(6),(9),(15); Ga. Comp. R. and Regs. 391-3-6-.03.

Page 3 Transportation Regional Permits SAS-2018-00158 Statewide

This certification does not waive any other permit or other legal requirement applicable to this project or relieve the applicant of any obligation or responsibility for complying with the provisions of any other federal, state, or local laws, ordinances, or regulations.

If you have any questions regarding this certification, please contact David Hedeen at david.hedeen@dnr.ga.gov/470-427-2730.

Sincerely,

Jeffrey W. Cown, Director

Environmental Protection Division

Re:

Islands Highway Box Culvert Replacement

Liberty County, Georgia

Dear Mr. LaBarba,

Liberty County has reviewed the construction plans for the referenced project prepared by T. R. Long Engineering, P.C. dated March 22, 2023, and last revised March 29, 2024. Liberty County concurs with the plan as presented. This project does not require a stream buffer variance.

Should you have any questions, comments, or need any additional information, please contact us.

Sincerely,

Paul Zechman

DEPARTMENT OF THE ARMY U.S. ARMY CORPS OF ENGINEERS, SAVANNAH DISTRICT 100 W. OGLETHORPE AVENUE SAVANNAH, GEORGIA 31401-3604

OCTOBER 07, 2020

Regulatory Division SAS-2020-00652

Mr. Joey Brown Liberty County Board of Commissioners 112 North Main Street Hinesville, Georgia 31313

Dear Mr. Brown:

I refer to the Pre-Construction Notification submitted on your behalf by Mr. Steven Smith of Arrowood Environmental Group, Inc., requesting verification for use of Regional General Permit (RGP) No. 30 for 0.0875 acre (67.71 linear feet) impact to a perennial stream for replacement of a large storm culvert. The project site is located at the Islands Highway culvert over Carrs Neck Tributary, in Midway, Liberty County, Georgia (Latitude 31.7354, Longitude -81.3161). This project has been assigned number SAS-2020-00652 and it is important that you refer to this number in all communication concerning this matter.

The enclosed exhibit, "Survey of Aquatic Resources" dated September 03, 2020 accurately identifies the delineated limits of all aquatic resources located within the site. The wetlands were delineated in accordance with criteria contained in the 1987 "Corps of Engineers Wetland Delineation Manual," as amended by the most recent regional supplements to the manual.

The delineation included herein has been conducted to identify the location and extent of the aquatic resource boundaries and/or the jurisdictional status of aquatic resources for purposes of the Clean Water Act for the particular site identified in this request. This delineation and/or jurisdictional determination may not be valid for the Wetland Conservation Provisions of the Food Security Act of 1985, as amended. If you or your tenant are USDA program participants, or anticipate participation in USDA programs, you should discuss the applicability of a certified wetland determination with the local USDA service center, prior to starting work.

If you intend to sell property that is part of a project that requires Department of the Army Authorization, it may be subject to the Interstate Land Sales Full Disclosure Act. The Property Report required by Housing and Urban Development Regulation must state whether, or not a permit for the development has been applied for, issued or denied by the U.S. Army Corps of Engineers (Part 320.3(h) of Title 33 of the Code of Federal Regulations).

This communication does not convey any property rights, either in real estate or material, or any exclusive privileges. It does not authorize any injury to property, invasion of rights, or any infringement of federal, state or local laws, or regulations. It does not obviate your requirement to obtain state or local assent required by law for the development of this property. If the information you have submitted, and on which the U.S. Army Corps of Engineers has based its decision is later found to be in error, this decision may be revoked.

We have completed coordination with other federal and state agencies as described in Part C (32)(d) of our NWP Program, published in the January 6, 2017, Federal Register, Vol. 82, No. 4, Pages 1860-2008 (82 FR). The NWPs and Savannah District's Regional Conditions for NWPs can be found on our website at http://www.sas.usace.army.mil/Missions/Regulatory/Permitting/GeneralPermits/NationwidePermits.aspx. During our coordination procedure, no adverse comments regarding the proposed work were received.

As a result of our evaluation of your project, we have determined that the proposed activity is authorized as described in the RGP Program. Your use of RGP 30 is valid only if:

- a. The activity is conducted in accordance with the information submitted and meets the conditions applicable to the RGP.
- b. You shall obtain and comply with all appropriate federal, state, and local authorizations required for this type of activity. A stream buffer variance may be required from the Georgia Department of Natural Resources, Environmental Protection Division (Georgia EPD), as defined in the Georgia Erosion and Sedimentation Control Act of 1975, as amended. Information concerning variances can be obtained at the Georgia EPD's website at www.epd.georgia.gov, or by calling (404) 463-1511.
- c. All work conducted under this permit shall be located, outlined, designed, constructed and operated in accordance with the minimal requirements of the Georgia Erosion and Sedimentation Control Act of 1975, as amended. Utilization of plans and specifications contained in the "Manual for Erosion and Sediment Control," (Latest Edition), published by the Georgia Soil and Water Conservation Commission, will aid in achieving compliance with the aforementioned minimal requirements.
- d. You shall install and maintain erosion and sediment control measures in upland areas of the project site, in accordance with the Georgia Erosion and Sedimentation Control Act of 1975, as amended, to minimize the introduction of sediment into and the erosion of streams, wetlands and other waters of the United States. This permit does

not authorize installation of check-dams, weirs, riprap, bulkheads or other erosion control measures in streams, wetlands or other waters of the United States. Authorization would be required from the U.S. Army Corps of Engineers prior to installing any erosion control measures in waters of the United States.

- e. You shall install and maintain erosion and sediment control measures for all fill material that is authorized to be discharged in streams, wetlands and other waters of the United States, in accordance with the Georgia Erosion and Sedimentation Control Act of 1975, as amended, and permanently stabilize fill areas at the earliest practicable date
- f. You shall notify the Corps, in writing, at least 10 days in advance of commencement of work authorized by this permit.
- g. You shall fill out and sign the enclosed certification and return it to our office within 30 days of completion of the activity authorized by this permit.
- h. All work must be conducted in accordance with the attached exhibit, "ISLANDS HIGHWAY BOX CULVERT IMPACT AREAS", Pages 1-2, dated March 06, 2020.
- i. Wetland Avoidance/Minimization Areas: The Permittee shall avoid the remaining aquatic resources, as detailed in the exhibit, "ISLANDS HIGHWAY BOX CULVERT IMPACT AREAS", Pages 1-2, dated March 06, 2020. These natural wetland areas were avoided as part of the permit application review process and therefore will not be disturbed by any dredging, filling, mechanized land clearing, agricultural activities, or other construction work whatsoever. The Corps reserves the right to deny review of any requests for future impacts to these natural wetland and/or stream areas.
 - j. Regional General Permit Special Conditions, Part V. Attached.

This proposal was reviewed in accordance with Section 7 of the Endangered Species Act. Based on the information we have available, we have determined that the project may affect, but is not likely to adversely affect the Wood Stork (*Mycteria Americana*), Red-cockaded Woodpecker (*Picoides borealis*) Eastern indigo snake (*Drymarchon corais couperi*), frosted flatwoods salamander (*Ambystoma cingulatum*), and would have no effect on any other listed species or critical habitat for such species. Authorization of an activity by a RGP does not authorize the "take" of threatened or endangered species. In the absence of separate authorization, both lethal and non-lethal "takes" of protected species are in violation of the Endangered Species Act. See Part (C) of 82 <u>FR</u> for more information.

This verification is valid until the RGP is modified, reissued or revoked. All of the existing RGPs are scheduled to expire on October 05, 20203. It is incumbent upon you to remain informed of changes to the RGPs. Furthermore, if you commence or are under contract to commence this activity before the date that the relevant RGP is modified or revoked, you will have 12 months from the date of the modification or revocation of the RGP to complete the activity under the present terms and conditions of this RGP.

This authorization should not be construed to mean that any future projects requiring Department of the Army authorization would necessarily be authorized. Any new proposal, whether associated with this project or not, would be evaluated on a case-by-case basis. Any prior approvals would not be a determining factor in making a decision on any future request.

Revisions to your proposal may invalidate this authorization. In the event changes to this project are contemplated, I recommend that you coordinate with us prior to proceeding with the work.

This communication does not relieve you of any obligation or responsibility for complying with the provisions of any other laws or regulations of other federal, state or local authorities. It does not affect your liability for any damages or claims that may arise as a result of the work. It does not convey any property rights, either in real estate or material, or any exclusive privileges. It also does not affect your liability for any interference with existing or proposed federal projects. If the information you have submitted and on which the Corps bases its determination/decision of authorization under the RGP is later found to be in error, this determination may be subject to modification, suspension, or revocation.

Thank you in advance for completing our on-line Customer Survey Form located at http://corpsmapu.usace.army.mil/cm_apex/f?p=regulatory_survey. We value your comments and appreciate your taking the time to complete a survey each time you have interaction with our office.

If you have any questions, please contact the undersigned at (912)-652-5048 or sarah.f.spatzer@usace.army.mil.
