

JOINT APPLICATION  
FOR  
A DEPARTMENT OF THE ARMY, CORPS OF ENGINEERS PERMIT,  
STATE OF GEORGIA MARSHLAND PROTECTION PERMIT,  
REVOCABLE LICENSE AGREEMENT  
AND REQUEST FOR  
WATER QUALITY CERTIFICATION  
AS APPLICABLE

**INSTRUCTIONS FOR SUBMITTING APPLICATION:**

Every Applicant is Responsible to Complete The Permit Application and Submit as Follows: One copy each of application, location map, drawings, copy of deed and any other supporting information to addresses 1, 2, and 3 below. If water quality certification is required, send only application, location map and drawing to address No. 4.

1. For Department of the Army Permit, mail to: Commander, Savannah District, US Army Corps of Engineers, ATTN: CESAS-RD, 100 W. Oglethorpe Avenue, Savannah, Georgia 31401-3640. Phone (912) 652-5347 and/or toll free, Nationwide 1-800-448-2402.

2. For State Permit - State of Georgia (six coastal counties only) mail to: Habitat Management Program, Coastal Resources Division, Georgia Department of Natural Resources, 1 Conservation Way, Brunswick, Georgia 31523. Phone (912) 264-7218.

3. For Revocable License - State of Georgia (six coastal counties plus Effingham, Long, Wayne, Brantley and Charlton counties only) - Request must have State of Georgia's assent or a waiver authorizing the use of State owned lands. All applications for dock permits in the coastal counties or for docks located in tidally influenced waters in the counties listed above need to be submitted to Real Estate Unit. In addition to instructions above, you must send two signed form letters regarding revocable license agreement to: Ecological Services Coastal Resources Division, Georgia Department of Natural Resources, 1 Conservation Way, Brunswick, Georgia 31523. Phone (912) 264-7218.

4. For Water Quality Certification State of Georgia, mail to: Water Protection Branch, Environmental Protection Division, Georgia Department of Natural Resources, 4220 International Parkway, Suite 101, Atlanta, Georgia 30354 (404) 675-1631.

The application must be signed by the person authorized to undertake the proposed activity. The applicant must be the owner of the property or be the lessee or have the authority to perform the activity requested. Evidence of the above may be furnished by copy of the deed or other instrument as may be appropriate. The application may be signed by a duly authorized agent if accompanied by a statement from the applicant designating the agent. See item 6, page 2.

Signature of Applicant

Date

7. Describe the proposed activity, its purpose and intended use, including a description of the type of structures, if any to be erected on fills, piles, of float-supported platforms, and the type, composition and quantity of materials to be discharged or dumped and means of conveyance. If more space is needed, use remarks section on page 4 or add a supplemental sheet. (See Part III of the Guide for additional information required for certain activities.)

See Description

8. Proposed use: Private  Public  Commercial  Other  (Explain)

9. Names and addresses of adjoining property owners whose property also adjoins the waterway.

Land lies within Jekyll Island State Park and the proposed work will be completed by Jekyll Island Authority.

10. Date activity is proposed to commence. As soon as approved by the committee

Date activity is expected to be completed. 2 years from approval date

11. Is any portion of the activity for which authorization is sought now complete  Y  N

a. If answer is "Yes", give reasons in the remarks in the remarks section.

Indicate the existing work on the drawings.

b. If the fill or work is existing, indicate date of commencement and completion.

c. If not completed, indicate percentage completed.

12. List of approvals or certifications required by other Federal, State or local agencies for any structures, construction discharges, deposits or other activities described in this application. Please show zoning approval or status of zoning for this project.

<u>Issuing Agency</u>	<u>Type Approval</u>	<u>Identification No.</u>	<u>Date/Application</u>	<u>Date/Approval</u>
-----------------------	----------------------	---------------------------	-------------------------	----------------------

13. Has any agency denied approval for the activity described herein or for any activity directly related to the activity described herein?  
 Yes  NO (If "yes", explain).

Note: Items 14 and 15 are to be completed if you want bulkhead, dredge or fill.

14. Description of operation: (If feasible, this information should be shown on the drawing).

a. Purpose of excavation or fill \_\_\_\_\_.

1. Access channel      length \_\_\_\_\_      depth \_\_\_\_\_      width \_\_\_\_\_

2. Boat basin          length \_\_\_\_\_      depth \_\_\_\_\_      width \_\_\_\_\_

3. Fill area            length \_\_\_\_\_      depth \_\_\_\_\_      width \_\_\_\_\_

4. Other \_\_\_\_\_      length \_\_\_\_\_      depth \_\_\_\_\_      width \_\_\_\_\_

(Note: If channel, give reasons for need of dimensions listed above.)

b. If bulkhead, give dimensions \_\_\_\_\_

-- Type of bulkhead construction (material) \_\_\_\_\_

1. Backfill required: Yes \_\_\_\_\_ No \_\_\_\_\_ Cubic yards \_\_\_\_\_

2. Where obtained \_\_\_\_\_

c. Excavated material

1. Cubic yards \_\_\_\_\_

2. Type of material \_\_\_\_\_

15. Type of construction equipment to be used \_\_\_\_\_

a. Does the area to be excavated include any wetland? Yes  No

b. Does the disposal area contain any wetland? Yes  No

c. Location of disposal area \_\_\_\_\_

d. Maintenance dredging, estimated amounts, frequency, and disposal sites to be utilized: \_\_\_\_\_

e. Will dredged material be entrapped or encased? \_\_\_\_\_

f. Will wetlands be crossed in transporting equipment to project site? \_\_\_\_\_

g. Present rate of shoreline erosion (if known) \_\_\_\_\_

16. Description of Avoidance, Minimization and Compensation: Provide a brief explanation describing how impacts to waters of the United States are being avoided and minimized on the project site. Also, provide a brief description of how impacts to waters of the United States will be compensated for, or a brief statement explaining why compensatory mitigation should not be required for those impacts.

17. Water Quality Certification: In some cases, Federal law requires that a Water Quality Certification from the State of Georgia be obtained prior to issuance of a Federal license or permit. Applicability of this requirement to any specific project is determined by the permitting Federal agency. The information requested below is generally sufficient for the Georgia Environmental Protection Division to issue such a certification if required. Any item, which is not applicable to a specific project, should be so marked. Additional information will be requested if needed.

a. Please submit the following:

1. A plan showing the location and size of any facility, existing or proposed, for handling any sanitary or industrial waste waters generally on your property.
2. A plan of the existing or proposed project and your adjacent property for which permits are being requested.
3. A plan showing the location of all points where petro-chemical products (gasoline, oils, cleaners) used and stored. Any aboveground storage areas must be diked, and there should be no storm drain catch basins within the dike areas. All valving arrangements on any petro-chemical transfer lines should be shown.
4. A contingency plan delineating action to be taken by you in the event of spillage of petro-chemical products or other materials from your operation.
5. Plan and profile drawings showing limits of areas to be dredged, areas to be used for placement of spoil, locations of any dikes to be constructed showing locations of any weir(s), and typical cross sections of the dikes.

b. Please provide the following statements:

1. A statement that all activities will be performed in a manner to minimize turbidity in the stream.
2. A statement that there will be no oils or other pollutants released from the proposed activities which will reach the stream.
3. A statement that all work performed during construction will be done in a manner to prevent interference with any legitimate water uses.

18. Application is hereby made for a permit or permits to authorize the activities described herein; Water Quality Certification from the Georgia Environmental Protection Division is also requested if needed. I certify that I am familiar with the information contained in this application, and that to the best of my knowledge and belief such information is true, complete and accurate. I further certify that I possess the authority to undertake the proposed activities.

19. U.S.C. Section 1001 provides that: Whoever, in any matter within the jurisdiction of any department or agency of the United States, knowingly and willfully falsifies, conceals, or covers up by any trick, scheme, or device a material fact or makes any false, fictitious, or fraudulent statements or representations, or makes or uses false writing or document knowing same to contain any false, fictitious or fraudulent statement or entry, shall be fined no more than \$10,000 or imprisoned not more than 5 years or both.

#### PRIVACY ACT NOTICE

**The Department of the Army permit program is authorized by Section 10 of the Rivers and Harbors Act of 1899, Section 404 of the Clean Water Act and Section 103 of the Marine Protection, Research and Sanctuaries Act of 1972. These laws require permits authorizing structures and work in or affecting navigable waters of the United States, the discharge of dredged or fills material into waters of the United States, and the transportation of dredged material for the purpose of dumping it into ocean waters. Information provided will be used in evaluating the application for a permit. Information in the application is made a matter of public record through issuance of a public notice. Disclosure of the information requested is voluntary; however, the data requested are necessary in order to communicate with the applicant and to evaluate the permit application. If necessary information is not provided, the permit application cannot be processed nor can a permit be issued.**

**SUPPORTING REMARKS:**

STATE OF GEORGIA

REQUEST FOR A REVOCABLE LICENSE FOR THE USE OF TIDAL WATERBOTTOMS

APPLICANT NAME(S): \_\_\_\_\_

MAILING ADDRESS: \_\_\_\_\_  
(Street) (City) (State) (Zip)

PROJECT ADDRESS/LOCATION: \_\_\_\_\_

COUNTY: \_\_\_\_\_ WATERWAY: \_\_\_\_\_

LOT, BLOCK & SUBDIVISION NAME FROM DEED: \_\_\_\_\_

Georgia Department of Natural Resources  
Coastal Resources Division  
One Conservation Way  
Brunswick, Georgia 31520-8687

I am requesting that I be granted a revocable license from the State of Georgia to encroach on the beds of tidewaters, which are state owned property. Attached hereto and made a part of this request is a copy of the plans and description of the project that will be the subject of such a license. I certify that all information submitted is true and correct to the best of my knowledge and understand that willful misrepresentation or falsification is punishable by law.

I understand that if permission from the State is granted, it will be a revocable license and will not constitute a license coupled with an interest. I acknowledge that this revocable license does not resolve any actual or potential disputes regarding the ownership of, or rights in, or over the property upon which the subject project is proposed, and shall not be construed as recognizing or denying any such rights or interests. I acknowledge that such a license would relate only to the property interests of the State and would not obviate the necessity of obtaining any other State license, permit, or authorization required by State law. I recognize that I waive my right of expectation of privacy and I do not have the permission of the State of Georgia to proceed with such project until the Commissioner of DNR or his/her designee has executed a revocable license in accordance with this request.

Sincerely, Date: 11/04/2025

# FEDERAL CONSISTENCY CERTIFICATION STATEMENT

Printed Name of Applicant(s): \_\_\_\_\_

Applicant Email: \_\_\_\_\_ Phone: \_\_\_\_\_

Agent Name (if applicable): \_\_\_\_\_ Phone: \_\_\_\_\_

To Whom It May Concern:

This is to certify that I have made application to the U.S. Army Corps of Engineers (USACE) for authorization to impact Waters of the United States and that such proposed work is, to the best of my knowledge, consistent with Georgia's Coastal Management Program.

I understand I must provide this Consistency Certification Statement, along with a copy of my permit application submitted to USACE, to the Georgia Department of Natural Resources Coastal Resources Division (CRD) before they can begin evaluating my proposed project for consistency with Georgia's enforceable policies. I understand additional information may be required to facilitate review.

Once any required authorizations or permits from CRD have been issued, and CRD has concurred with my findings by signing this Consistency Certification Statement, CRD must submit it to USACE in order for them to issue any required federal permits or authorizations, or to validate any provisional authorizations they have already issued. A USACE provisional authorization or permit will not be valid until they receive this Certification Statement signed by CRD.

Attached is a copy of my application to USACE (required)

Signature of Applicant:                     *Daniel Quinn*                     Date:                     11/4/2025

For questions regarding consistency with the Georgia Coastal Management Program, please contact the Federal Consistency Coordinator at (912) 264-7218 or visit [www.CoastalGADNR.org](http://www.CoastalGADNR.org).

# Warranty Deed Letter

## **JEKYLL ISLAND IS PUBLIC PROPERTY OF THE STATE OF GEORGIA ADMINISTERED BY THE JIA**

JIA is the statutory lessee of the whole of Jekyll Island, Georgia, and has the requisite statutory authority to act for the State pursuant to O.C.G.A. § 12-3-241:

Lease to authority of Jekyll Island, adjacent marshes and marsh islands, rights of way, and rights and privileges of every kind.

- a) To the authority is granted, for and on the part of the State of Georgia, a lease for a term of 99 years, beginning on February 13, 1950, which term shall be automatically extended an additional 40 years upon the ending of the initial term. The lease, shall be for all of that island of the State of Georgia, County of Glynn, being known as Jekyll Island and the marshes and marsh islands adjacent and adjoining the same owned by the State of Georgia; being that island of 11,000 acres, more or less, lying east of the mainland coast of Georgia, County of Glynn, bounded on its easterly shore by the Atlantic Ocean; bounded upon its northerly shore by Brunswick River, bounded on its westerly shore by Brunswick River, Jekyll Creek, Jekyll River, and Jekyll Sound; and bounded on its southerly shore by Jekyll Sound, together with the adjacent and adjoining marshes and marsh islands; which properties may also be described as all of the lands acquired by the State of Georgia in a certain condemnation proceeding, State of Georgia vs. Jekyll Island Club, Inc., et al., filed June 6, 1947, in Glynn County Superior Court; which properties may also be described in all conveyances, conveying any and all parts of Jekyll Island and the adjacent and adjoining marshes and marsh islands to the State of Georgia, recorded upon the official deed books of Glynn County as of February 13, 1950, all and each one of said conveyances being, by reference, expressly incorporated into this Code section and made in their entireties a part hereof.
- b) Also included in the lease granted by this Code section are all rights, rights of ways, water rights, immunities, easements, profits, appurtenances, and privileges thereof or relating thereto of every kind; all improvements, permanent or temporary, located thereon or dedicated to the use or service thereof; and in additional personal property or property of any kind of the State of Georgia located thereon or dedicated to the use or service thereof.

JIA has reviewed the plans for the project, and notes that certain elements of the project will be constructed on State property administered by JIA adjacent and abutting a Lessee's leasehold interest. JIA has determined that those elements are appropriate for the location and are reasonably designed to enhance public access to and enjoyment of the public beaches of Jekyll Island with minimal impact upon protected areas.

As a matter of further information, zoning on Jekyll Island is governed by the Jekyll Island Master Plan. This plan specifies areas that can be developed. These areas include:

- Any subdivided or platted parcel (even if not built upon )
- The Historic District, except for marsh edge vegetation
- Any of the following, on non-subdivided lands:
  - Built facilities or structures
  - Paved roads, including cleared rights of way Paved bike trails
  - Cleared golf course areas (fairways, greens, tees) Historic sites, if maintained
  - Cleared areas in active use ( picnic and parking) Campgrounds with utilities
  - Lakes or ponds used for active recreation

Specific zoning requirements for residential homes on the island are listed in the Jekyll Island-State Park Authority Ordinances (Chapter XII). Zoning for Jekyll Island hotels and other island businesses is specified in their individual leases with the Jekyll Island State-Park Authority. JIA finds that the project does not violate any applicable zoning ordinance or law.

**NAME, LOCATION, AND DESCRIPTION OF PROJECT OR ACTIVITY**

12. PROJECT NAME OR TITLE (see instructions)

Wildlife Viewing Platforms on Oleander Big

13. NAME OF WATERBODY, IF KNOWN (if applicable)

14. PROJECT STREET ADDRESS (if applicable)

Address -- 322 Captain Wylly Rd

15. LOCATION OF PROJECT

City -- Jekyll Island

Latitude: °N 31.0588779

Longitude: °W -81.4135543

State -- GA

Zip -- 31527

16. OTHER LOCATION DESCRIPTIONS, IF KNOWN (see instructions)

Section --

Township --

Range --

County -- Glynn County

Project Area -- 0.01 Acres

State Tax Parcel ID --

17. DIRECTIONS TO THE SITE

18. Nature of Activity (Description of project, include all features)

In 2023, the Jekyll Island Authority received a Georgia Outdoor Stewardship Program (GOSP) grant to restore 114.5 acres of golf course into a wildlife and recreational corridor. As part of this restoration project, we aim to increase public opportunities to travel through this native habitat while learning about the islands natural resources. Part of this plan includes offering landscape and wildlife viewing opportunities around and on the pond that are not possible on trail. Specifically, we are proposing two trails that will segment off the pre-existing golf cart paths on Oleander that will lead to two wildlife viewing platforms for public viewing on the Oleander Big pond. Our proposed project entails constructing two 250 sqft platforms and connecting them to pre-existing golf cart paths with permeable trails and boardwalks.

We are using borate salt treated wood for platforms which is more environmentally friendly and lasts longer than traditional wood treatment methods. We are also using WearDeck decking on the platform and the raised path for its longevity to limit maintenance which would cause intermittent disturbance within the JD and buffer areas. To mitigate unnecessary disturbance with the JD, observation platform size is limited to approximately 20 people. Finally, we exited the 25 buffer as directly as possible, deviating the path only to make exception for soil stabilizing trees. All trails leading to platforms in the CMPA buffer will be 100% permeable limestone or gravel, enabling natural water flow.

19. Project Purpose (Describe the reason or purpose of the project, see instructions)

The main objectives of this project are to enable visitors, residents, and staff of Jekyll Island to view and learn about nature and its processes. Two covered platforms are planned in order to offer different viewing vantage points, limit issues with capacity, and enable Jekyll Island staff to temporarily close one viewing platform for scheduled educational programs while still ensuring visitors have access to another in the same area.

**USE BLOCKS 20-23 IF DREDGED AND/OR FILL MATERIAL IS TO BE DISCHARGED**

20. Reason(s) for Discharge

21. Type(s) of Material Being Discharged and the Amount of Each Type:

See Appendix C

22. Surface Area in Acres of Wetlands or Other Waters Filled (see instructions)

See Appendix C

23. Description of Avoidance, Minimization, and Compensation (see instructions)

We are using borate salt treated wood for platforms which is more environmentally friendly and lasts longer than traditional wood treatment methods. We are also using WearDeck decking on the platform for its longevity to limit maintenance which would cause intermittent disturbance within the pond. To mitigate unnecessary disturbance within the pond, observation platform size is limited to approximately 20 people.

24. Is Any Portion of the Work Already Complete?      Yes                              No

If Yes, describe the completed work:

25. Addresses of Adjoining Property Owners, Lessees, Etc., Whose Property Adjoins the Waterbody (if more than can be entered here, please attach a supplemental list).

26. List of Other Certificates or Approvals/Denials received from other Federal, State, or Local Agencies for Work Described in This Application.

AGENCY	TYPE APPROVAL	IDENTIFICATION NUMBER	DATE APPLIED	DATE APPROVED	DATE DENIED
--------	---------------	--------------------------	--------------	---------------	-------------

\* Would include but is not restricted to zoning, building, and flood plain permits

27. Application is hereby made for permit or permits to authorize the work described in this application. I certify that this information in this application is complete and accurate. I further certify that I possess the authority to undertake the work described herein or am acting as the duly authorized agent of the

applicant.
