16. WATER QUALITY CERTIFICATION: In some cases, Federal law requires that a Water Quality Certification from the State of Georgia be obtained prior to issuance of a Federal license or permit. Applicability of this requirement to any specific project is determined by the permitting Federal agency. The information requested below is generally sufficient for the Georgia Environmental Protection Division to issue such a certification if required. Any item which is not applicable to a specific project should be so marked. Additional information will be requested if needed.

A. Please submit the following:

1. A plan showing the location and size of any facility, existing or proposed, for handling any sanitary or industrial waste waters generally on your property.
2. A plan of the existing or proposed project and your adjacent property for which permits are being requested.
3. A plan showing the location of all points where petro-chemical products (gasoline, oils, cleaners) used and stored. Any above-ground storage areas must be diked, and there should be no storm drain catch basins within the diked areas. All valving arrangements on any petro-chemical transfer lines should be shown.
4. A contingency plan delineating action to be taken by you in the event of spillage of petro-chemical products or other materials from your operation.
5. Plan and profile drawings showing limits of areas to be dredged, areas to be used for placement of spoil, locations of any dikes to be constructed showing locations of any weir(s), and typical cross sections of the dikes.

B. Please provide the following statements:

1. A statement that all activities will be performed in a manner to minimize turbidity in the stream.
2. A statement that there will be no oils or other pollutants released from the proposed activities which will reach the stream.
3. A statement that all work performed during construction will be done in a manner to prevent interference with any legitimate water uses.

17. Application is hereby made for a permit or permits to authorize the activities described herein, Water Quality Certification from the Georgia Environmental Protection Division is also requested if needed. I certify that I am familiar with the information contained in this application, and that to the best of my knowledge and belief such information is true, complete and accurate. I further certify that I possess the authority to undertake the proposed activities.

Section 1001 provides that: Whoever, in any matter within the jurisdiction of any department or agency of the United States, knowingly and willfully falsifies, conceals, or covers up by any trick, scheme, or device a material fact or makes any false, fictitious, or fraudulent statements or representations, or makes or uses false writing or document knowing same to contain any false, fictitious or fraudulent statement or entry, shall be fined no more than \$10,000 or imprisoned not more than 5 years or both.

#### PRIVACY ACT NOTICE

The Department of the Army permit program is authorized by Section 10 of the Rivers and Harbors Act of 1899, Section 404 of the Clean Water Act and Section 103 of the Marine Protection, Research and Sanctuaries Act of 1972. These laws require permits authorizing structures and work in or affecting navigable waters of the United States, the discharge of dredged or fill material into waters of the United States, and the transportation of dredged material for the purpose of dumping it into ocean waters. Information provided will be used in evaluating the application for a permit. Information in the application is made a matter of public record through issuance of a public notice. Disclosure of the information requested is voluntary, however, the data requested are necessary in order to communicate with the applicant and to evaluate the permit application. If necessary information is not provided, the permit application cannot be processed nor can a permit be issued.

In Reply Refer to: 1.1B

**Permission from Adjoining Highland Owner to Carry Out a Coastal Marshlands Protection Act of 1970, as amended, Permitted Project, as Required by Official Code of Georgia Annotated Section 12-5-286(b)(4).**

I, Melissa Memory, in my capacity as the Superintendent of Fort Pulaski National Monument, having a street address of 41 Cockspur Island Road, Savannah GA 31401, do on behalf of National Park Service, as owner of Parcel 10022-01001 located on Cockspur Island in Chatham County, Georgia, have lawful authority to use certain real property lying and situate within Unincorporated Chatham County, 5<sup>th</sup> G.M.D., and hereby give permission to the United States Coast Guard (USCG) to use the inter-tidal area or adjoining marshland and/or tidal water bottoms for the purpose of construction, operation, and use to access the Savannah River as described in the application for a Coastal Marshlands Protection Committee Permit dated April 20, 2023 as submitted by USCG. The proposed project includes replacement of a boat ramp and construction of a new launch and recovery dock on property owned by National Park Service. The site is located at Lat. 32.03406', Long -80.90371'. Once completed, this boat ramp will be used for administrative use only by the USCG and the NPS.

I am familiar with the permit application and the proposed activity which includes the improvements to the existing boat ramp at coordinates Lat. 32.03406', Long. -80.90371'. The improvements encroach into the waterfront of National Park Service property, and I hereby give permission to USCG, whose mailing address for the purpose of the permit application is: 11 Cockspur Island Road, Attention: Capt. J.D. Berry, to use the inter-tidal area adjacent to the real property described on the attached deed, to use the property, as may be necessary and proper to carry out the proposed project. I understand that carrying out the project and related activities in and over marshland and inter-tidal water bottoms contiguous to land I have lawful authority to use and give permission to USCG to use the owner's land to carry out the proposed project. I understand that carrying out the project and related activities encroaches upon marshland and tidal water bottoms contiguous to the land I have lawful authority to use requires a Coastal Marshlands Protection Act of 1970, as amended, permit. I understand the Applicant for a permit proposes a project that the law requires permission from the adjoining landowner to complete the application process. I understand that this permission does not create any contract rights, and is consistent with the terms of the 2020 Interagency Agreement between the USCG and the NPS, and I understand that the proposed activity is subject to change or the site may be deleted as a project location either by the Applicant, or as a result of the Committee's actions.

This 20th, day of April 2023.

Agent Name (if applicable): None Phone: N/A

To Whom It May Concern:

This is to certify that I have made application to the U.S. Army Corps of Engineers (USACE) for authorization to impact Waters of the United States and that such proposed work is, to the best of my knowledge, consistent with Georgia's Coastal Management Program.

I understand I must provide this Consistency Certification Statement, along with a copy of my permit application submitted to USACE, to the Georgia Department of Natural Resources Coastal Resources Division (CRD) before they can begin evaluating my proposed project for consistency with Georgia's enforceable policies. I understand additional information may be required to facilitate review.

Once any required authorizations or permits from CRD have been issued, and CRD has concurred with my findings by signing this Consistency Certification Statement, CRD must submit it to USACE in order for them to issue any required federal permits or authorizations, or to validate any provisional authorizations they have already issued. A USACE provisional authorization or permit will not be valid until they receive this Certification Statement signed by CRD.
