912.644.5217**Health Department Issues Swimming Advisory**

GLYNN COUNTY, GA— The Glynn County Health Department has placed Middle Beach at Convention Center on Jekyll Island under advisory. The advisory area includes Beach Pavilion to Beach Deck. Routine water quality tests from samples taken November 5 show the beach water in this area contains a high level of enterococci bacteria, which increase the risk of gastrointestinal illness in swimmers.

The Glynn County Health Department recommends you do not swim or wade in the water in this area. Fish and other seafood caught from this area should be thoroughly washed with fresh water and thoroughly cooked before eating.

The area will be retested and the advisory will be lifted when tests show the bacteria levels meet the Environmental Protection Agency's recommended standard.
