Health Department Lifts Advisory for St. Andrews Beach

GLYNN COUNTY, GA --The Glynn County Health Department has lifted the advisory for Andrews Beach (from Macy Lane to St. Andrews picnic area) on Jekyll Island.

The advisory was issued on April 18 after routine water quality tests at that location showed a high level of enterococci bacteria which increase the risk of gastrointestinal illness in swimmers.

Subsequent water samples taken showed that the bacteria levels had dropped below the Environmental Protection Agency's recommended limits. Therefore, the advisory has been lifted.
