Advisory Lifted for 5th Street Crossover Beach

GLYNN COUNTY, GA – The Glynn County Health Department lifted the advisory for the 5th Street Crossover Beach (from Cedar Street to 9th Street) on St. Simons Island.

The advisory was issued on May 9 after routine water quality tests showed a high level of enterococci bacteria which increase the risk of gastrointestinal illness in swimmers.

Subsequent water samples taken showed that the bacteria levels had dropped below Environmental Protection Agency's recommended limits. Therefore, the advisory has been lifted.
