**Beach Advisory Lifted for St. Simons South Beach**

**GLYNN COUNTY, GA** – The Glynn County Health Department has lifted the advisory for South Beach at the lighthouse (from 9<sup>th</sup> Street to the pier) on St. Simons Island.

The advisory was issued on February 27, 2013 after routine water quality tests showed a high level of enterococci bacteria which increase the risk of gastrointestinal illness in swimmers. Subsequent samples show that bacteria levels are now within acceptable limits; therefore the advisory has been lifted.
