**Beach Advisories Lifted for St. Andrews and Clam Creek**

**GLYNN COUNTY, GA** – The Glynn County Health Department has lifted the advisories for Clam Creek Beach (from Clam Creek to the old north picnic area) and St. Andrews Beach (from Macy Lane to the St. Andrews picnic area) on Jekyll Island.

The advisories were issued in March 2014 after routine water quality tests showed a high level of enterococci bacteria which increase the risk of gastrointestinal illness in swimmers.

Subsequent water samples taken showed that the bacteria levels had dropped below Environmental Protection Agency's recommended limits. Therefore, the advisories have been lifted.
