**Beach Advisories Issued for Massengale Park Beach on St. Simons and
South Beach at 4H Camp on Jekyll**

GLYNN COUNTY, GA – The Glynn County Health Department has issued advisories for Massengale Park Beach (Driftwood Drive to Cedar Street) on St. Simons Island and South Beach at the 4H Camp (South Water Tower to Macy Lane) on Jekyll Island

These advisories are only for the areas specified above and do not impact any other beaches on the islands. The beach water advisories are to alert the public of a possible risk of illness associated with water contact but do not mean the beaches are closed.

The Glynn County Health Department recommends you do not swim or wade in the water in the areas under advisory. Fish and other seafood caught from these areas should be thoroughly washed with fresh water and thoroughly cooked before eating as should fish or seafood caught from any waters.

The areas will be retested and the advisories will be lifted when tests show the bacteria levels meet the Environmental Protection Agency's recommended standards.
