Beach Advisories Lifted for South Beach at 4H Camp and Driftwood Beach

GLYNN COUNTY, GA – The Glynn County Health Department has lifted advisories for South Beach at 4H camp (from South Water Tower to Macy Lane) and Driftwood Beach (from kilometer marker 1 to Tallu Fish Lane) on Jekyll Island

The advisories were issued on October 19, 2016 after routine water quality tests showed a high level of enterococci bacteria which increase the risk of gastrointestinal illness in swimmers.

Subsequent water samples taken showed that the bacteria levels had dropped below Environmental Protection Agency's recommended limits. Therefore, the advisories have been lifted.

For more information about beach water advisories, go to www.gachd.org and click on the Environmental Health tab at the top of the page.
