Advisory Lifted for Contentment Bluff Sandbar

MCINTOSH COUNTY, GA – The McIntosh County Health Department has lifted an advisory for Contentment Bluff Sandbar (Julienton River from confluence of Broad and Julienton Rivers to one mile upriver) in McIntosh County.

The advisory was issued on August 25, 2016 after routine water quality tests showed a high level of enterococci bacteria which increase the risk of gastrointestinal illness in swimmers.

Subsequent samples show that bacteria levels are now within acceptable limits. Therefore the advisory has been lifted.

For more information about beach water advisories, go to www.gachd.org and click on the Environmental Health tab at the top of the page.
