Re: Release of LCP Site documents

Dear Tim:

You have asked whether the United States objects to the public release of these documents:

- Draft "Estimate of Recreational Fishing Losses Due to Fish Consumption Guidelines in the Waters of the Turtle River, Buffalo River, South Brunswick River, Purvis Creek, and Gibson Creek, Georgia" dated April 6, 2010; and
- Addendum 1: May 27, 2016 update thereto.

We take no position on whether you have any obligation either to disclose the documents or to withhold them, based on any agreements, laws, or representations. But, if you do chose to make the two documents public, the United States does not object.

Sincerely,

/s/ Steve O'Rourke
